PROPOSED ZONING TEXT AMENDMENTS TO SCHEDULE 50.4, SECTION 51.3 AND SECTION 64.3 OF THE COMPREHENSIVE ZONING ORDINANCE REGULATING USE TYPE 6, FARMER'S MARKET

Present: Phil Shire, Director, Dept. of Land Use and Growth Management Yvonne Chaillet, Zoning Administrator, Dept. of Land Use and Growth Management

Ms. Chaillet presented the first reading on the proposed zoning text amendment to modify the zoning ordinance regulating Use Type 6, Farmer's Market. Staff is currently working with a local farmer who prepares baked goods in his home and takes the product to farmer's markets to sell. He would like to construct a farmer's market on his property to be used primarily for selling produce that would also include a custom bakery and delicatessen. This would allow him to move current bakery operation from the family kitchen to a larger structure and expand production.

The proposed amendment would create a Farmer's Market Minor (Type 6a) and a Farmer's Market Major (Type 6b). A minor farmer's market (5,000 sq. ft. maximum) would operate under existing regulations, but a major farmer's market (8,000 sq. ft. maximum) could be larger in size with a portion of the space (up to 25%) devoted to an area for the preparation and sale of food. The food prepared would incorporate one or more farm commodities produced onsite or other land in the County. This amendment could provide new ways for farmers to generate revenues to sustain their farms and support "buy local" initiatives. The selling of baked goods and food and beverages at farmer's markets can also serve as a marketing tool to attract customers to purchase crops.

The Commissioners expressed concerns about the potential impact on neighbors, smaller farmer's markets and traffic, and the possibility of a facility turning into a restaurant. It was suggested that a public hearing may be in order to get public input. The Commissioners agreed not to take action on the proposed amendment at this time and asked Land Use and Growth Management staff to provide additional information.

FINAL DRAFT OF WATERSHED IMPLEMENTATION PLAN (WIP) PHASE II DOCUMENT AND TRANSMITTAL LETTER

Present: Sue Veith, Environmental Planner & WIP Coordinator, Dept. Land Use and Growth Management Phil Shire, Director, Dept. Land Use and Growth Management

Mr. Shire noted the St. Mary's County Phase II WIP Plan was posted on the County's website for public input and will remain open until June 15. To-date, Land Use and Growth Management has not directly received any public comments; therefore, no changes have been made to the report presented to the Commissioners on May 22, 2012. Ms. Veith noted that the draft transmittal letter to accompany the Plan contains a placeholder for comments from

BOCC Meeting of June 5, 2012 Page 4 of 7

the public and a section for individual Commissioner comments. She requested Commissioners provide her with any additional comments/goals/strategies they would like incorporated in the letter.

Commissioner Jarboe suggested that "an additional strategy would be the development of aquiculture and oyster replenishment to bring back the living filters needed to absorb the nutrient load" be added to the transmittal letter. He also suggested changing the first sentence in the last paragraph from "We **believe** the strategies in this proposed Plan" to "We **question** that the strategies in this proposed Plan....."

Commissioner Jones noted there are many elements to cleaning up the Bay. The EPA is only a part of this and has set goals to lower the amount of nitrogen, phosphorous and sediment in the Bay. She stated that she cannot sign up to spend millions of dollars unless there is scientific proof to back up the data provided and would like to see objective scientific analysis from more than one party. She agreed with Commissioner Jarboe's additions to the letter.

Commissioner Morgan concurred with Commissioner Jarboe and Commissioner Jones.

Commissioner Morris noted that funds needed to address the septic sector load are well over \$176 million dollars and the County and citizens can't afford this.

Commissioner Russell stated that this is not a tenable plan for any of the counties to consider. We have guidelines that require we submit a document with a plan, and we can adhere to that, but we can't commit to paying for it.

The Commissioners agreed to provide their input for the transmittal letter in writing to Ms. Veith and that the topic will be revisited at the June 19th or June 26th meeting.

COMMISSIONER'S TIME

The Commissioners highlighted events attended over the past week.

George Erichsen, Director, DPW&T Donna Gebicke, Administrative Assistant Authority: Article 24, Section 4-210(a)8 Time Held: 10:36 am – 11:15 am Subject Discussed: Litigation

MOTION IN OPEN SESSION

Commissioner Morgan moved, seconded by Commissioner Jarboe, to direct the County Attorney to proceed with litigation regarding First Colony. Motion carried 5-0.

PUBLIC FORUM

Commissioner President Russell opened the Public Forum for public comments at 6:30 pm in the Chesapeake Building meeting room, Governmental Center.

Public Comments. (*Comments as noted below are intended as highlights of testimony given and are not verbatim.*)

Charles Bryson, 39308 Persimmon Creek Rd., Mechanicsville, MD

- He sees how the County is struggling with budgets
- Twelve years ago there was talk in this County about river boat gambling
- Colonial Beach, VA there is a family run establishment called The River Boat -Delegation from Charles County go the go ahead from Annapolis to put a deal together with the family in Virginia to put 600 slot machines in a restaurant in their County – part of the deal is that Charles County will receive \$5 million a year
- Suggested Commissioners look into bringing slot machines back to the County

Mr. Bryson submitted a letter to the Commissioners from John Gruzenski, President of the Persimmon Hills Improvement Association, Inc., regarding safety concerns for pedestrians on Persimmon Creek Road. The community is asking County's assistance to install traffic calming devices in three locations where children stand on the corner to catch the school bus.

John Shields, 44988 Lighthouse Rd., Piney Point, MD

- Represented his family and several neighbors in the Lighthouse Rd area who oppose multi-unit housing coming into their single family home neighborhood
- Neighborhood is one of the oldest beach communities in the area and the land has been passed down through generations
- A builder has requested a variance to construct multi-unit homes in the Lighthouse Rd. area
- The builder's motivation is money, he does not plan to live in the neighborhood

- We believe multi family homes will put a stress on the sewer systems and jeopardize wells
- We do not want to see the character of our neighborhood change and asked the Commissioners to help preserve their neighborhood

Commissioner Jarboe explained that the Commissioners appoint a Board of Appeals to hear variance issue and the Commissioners do not intervene. He then explained how the process works.

Howard Thompson, P. O. Box 511, Hollywood, MD

- Supports the need for a stoplight at the Rt. 4, Wildewood intersection.
- Other housing developments had lights installed and developers have paid for it. A light is to be installed at the intersection of St. Johns Rd. and Rt. 235 and the developer is paying for that.
- Rt. 4/Wildewood intersection is a safety hazard.
- Asked Commissioners to put pressure on the State to install a stoplight

Commissioner Morgan said he is in total agreement and noted that he had spoken to Delegate Bohannon on the stoplight issue and will continue to put pressure on the State Highway Administration.

Harold Siskind, 23314 Holly Hill Lane, California, MD

- Speed bumps/humps in Wildewood are not a smart move they cause ambulances to slow down and shake patients around and damage the front end of cars and school busses.
- Suggested the use of stop signs, red light cameras and rumble strips.

Dee Dee Johnson, 45245 Lighthouse Rd, Piney Point, MD

- Against multi-family homes in Lighthouse Road community
- Generations of her family have lived in the area and it is her full time residence
- Property was hit by Isabel and she renovated it keeping the aesthetics of the community
- A lot of people have chosen this area for retirement
- She values her community and wants to keep it single homes
- Will pursue process with Board of Appeals

Keith Harless, 23225 Mirfield Lane, Lexington Park, MD

- Thanked the Commissioners for their efforts on the budget and said now is the time to reflect
- Volunteer organizations seemed to be largest cuts and they are a small portion of the overall budget
- We are all thankful for the volunteers in this County
- There is a lot of need in the County -- food banks need food and safety net programs are vital

BOCC Meeting of June 5, 2012 Page 7 of 7

• Would like to see budget hearings next year split into 2 nights so smaller organizations and individuals have time to speak

Eve Taylor, 22441 Cornwall Dr, California, MD

- Wanted to make Commissioners aware that two mirrors are posted on trees at a driveway on St. Andrews Church Road and when sun hits the mirrors it presents a safety hazard for drivers
- Concerned with numerous people walking their dogs in her neighborhood and letting them defecate everywhere causing health hazard
- Called the police and animal control on the issue several times

ADJOURNMENT

Commissioner Russell closed the public forum and adjourned the Board of County Commissioners meeting at 7:00 pm.
