SPECIAL EVENT RECYCLING
(St. Mary's County Regional Airport)

Senate Bill 781: Environment-Recycling-Special Events, Chapter 338, Acts of 2014 was passed by the Maryland General Assembly and was made effective on October 1, 2014. The new law requires special event organizers to provide for recycling if the special event:

1. Includes temporary or periodic use of a public street, publicly owned site or facility, or public park;
2. Serves food or drink; and
3. Is expected to have two hundred (200) or more persons in attendance.

Note: Projected attendance may be estimated based on past attendance, number registered to attend, the venue's seating capacity, or other similar methods.

Special events organizers are also responsible for:

1. Collecting at a minimum, acceptable plastic, metal, and glass containers and clean paper products;
2. Providing and placing clearly distinguished recycling containers (by color or signage) adjacent to each trash container at the event.....except where already provided on site;
3. Providing all labor, equipment, and associated recycling costs necessary to carry out recycling at the special event;
4. Ensuring that the recyclables are collected and delivered to a recycling facility; and
5. Providing separate containers for organic and non-organic recyclable materials if food-scrap recycling services are available.

Special events organizers may fulfill the obligation #4 (above) by any of the following:

1. Self-hauling the materials to the County Convenience Center recycling site,
2. Receiving prior approval from the site owner to use the existing recycling collection system on site, or
3. Contracting with a recycling hauler to collect and deliver to a recycling facility.
