I. INTRODUCTION

Title VI of the Civil Rights Act of 1964 prohibits discrimination based on race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." (42 U.S.C. Section 2000d).

The Civil Rights Restoration Act of 1987 clarified the intent of Title VI to include all program and activities of Federal-aid recipients, sub-recipients, and contractors whether those programs and activities are federally funded or not.

Recently, the Federal Transit Administration (FTA) has placed renewed emphasis on Title VI issues, including environmental justice in the transportation planning and programming, and providing meaningful access to persons with Limited English Proficiency.

Recipients of public transportation funding from FTA and the Maryland Department of Transportation Maryland Transit Administration (MDOT MTA) are required to develop policies, programs, and practices that ensure that federal and state transit dollars are used in a manner that is nondiscriminatory as required under Title VI.

This document details how St. Mary's Transit System incorporates nondiscrimination policies and practices in providing services to the public.

II. OVERVIEW OF SERVICES

St. Mary's Transit System (STS) is funded through operating and capital grants administered by the State and Federal Transit Administration through St. Mary's County Department of Public Works and Transportation under St. Mary's County Government. STS offices are located at the St. Andrews Maintenance Facility at 44829 St. Andrews Church Road, California Maryland. The St. Mary's County Department of Public Works and Transportation provides administrative support and supervision. One Deputy Director for Transportation, one Transportation Supervisor, one Transportation Specialist / Trainer, three (3) Transportation Specialist, fifteen (15) drivers with benefits packages, and twenty - six (26) hourly part time drivers, and the transit system operates seven days a week. The Federal Transit Authority Section 5307, 5311, American with Disabilities Act (ADA) grant funding sources, local shares and advertising revenue support these services.

As a result of the 2010 U.S. Census, the Lexington Park-California-Chesapeake Ranch Estates Area was classified as an Urbanized Area, and in accordance with the U.S. Department of

Transportation requirement a Metropolitan Planning Organization was designated by Maryland Governor Martin O'Malley on December 31, 2013 as the Calvert - St. Mary's Metropolitan Planning Organization (MPO). An urbanized area is an incorporated area with a population of 50,000 or more that is designed as such by the U.S. Department of Commerce, Bureau of the Census.¹ An MPO was established and a Memorandum of Understanding (MOU) was signed by both counties on October 28, 2014.

On the 17th day of December 2013, St. Mary's County Government adopted an ongoing Transportation Advisory Committee to serve in advisory capacity for planning service and policy changes to the St. Mary's Transit Services. The committee includes representatives of human service agencies, municipal and county government, private transportation providers, the business community, current customers and the community at large, including individuals with disabilities.

Strategies for Informing and Engaging Individuals with Limited English Proficiency (LEP)

LEP is a term that defines any individual not proficient in the use of the English language. The establishment and operation of an LEP program meets objectives set forth in Title VI of the Civil Rights Act and Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency (LEP). This Executive Order requires federal agencies receiving financial assistance to address the needs of non-English speaking persons. The Executive Order also establishes compliance standards to ensure that the programs and activities that are provided by a transportation provider in English are accessible to LEP communities. This includes providing meaningful access to individuals who are limited in their use of English.

As required by MTA, St. Mary's Transit System developed a written LEP Plan, included as Appendix D.

Using 2010 Census data, St. Mary's Transit System will evaluate data to determine the extent of need for translation services of its vital documents and materials.

Public Outreach and Involvement Activities

St. Mary's Transit System takes the following steps to ensure that minority, low-income, and LEP members of the community have meaningful access to public outreach and involvement activities, including those conducted as part of the planning process for proposed changes in services, fares, and facilities development.

- Publishing public notices within local newspapers of general circulation as well as those targeted as minority and LEP persons and St. Mary's County Government – STS Transit <https://www.stmarysmd.com/dpw/sts-transit/>

Public notices are issued to:

- announce opportunity to participate or provide input in planning for service changes, fare changes, new services, and new or improved facilities where applicable
 - announce the formal comment period on proposed major service reductions and fare increases with instructions for submitting comments including the information for the public hearing
 - announce impending service and fare changes
 - announce intent to apply for public transit funding from MDOT MTA, and to announce the formal comment period on the proposed program of projects, with a public hearing in advance of submitting the ATP.
- Posting public notices as described above at major passenger/public facilities and in all vehicles.
 - Sending news releases to news media (newspapers, radio, television, web media) of general interest as well as those targeted at minority and LEP persons, as well as community-based organizations that serve persons protected under Title VI and which publish newsletters. LEP persons are notified of the availability of language assistance through the following approaches:
 - Following our Title VI policy statement included on our vital documents.
 - Maryland Motor Vehicle Administration list of interpreters and translation providers as a public service.
 - I can speak information sheets LEP persons will also be included in all community outreach efforts related to service and fare changes.

- Sending public service announcements (PSAs) to news media of general interest as well as those targeted at minority and LEP persons, as well as community-based organizations that serve persons protected under Title VI and which publish newsletters.
- Conducting in-person outreach upon request at public meetings, community-based organizations, human service organizations which assist low income and LEP persons, places of worship, service organization meetings, cultural centers, and other places and events that reach out to persons protected under Title VI. Conducting public hearings at locations and meeting times that are accessible by public transit.
- Conducting annual customer satisfaction surveys which are distributed to passengers on vehicles.

The above activities are the responsibility of Deputy Director, Transportation and/or STS Supervisor.

St. Mary's Transit System will follow its adopted written policy (Appendix F) for the public comment process for major service reductions and fare increases.

Recordkeeping on Public Outreach and Involvement Activities

To support the development of the Title VI Annual Report and update to the MDOT MTA, maintain the following records related to public outreach and involvement:

- Paper files with copies of materials published or distributed for each planning project and service/fare change, as well as all news releases, public service announcements, surveys, and written summaries of in-person outreach events.
- A log/database of public outreach and involvement activities, including dates, planning project or service/fare change supported (if applicable), type of activity, LEP assistance requested/provided, target audience, number of participants, and location of documentation within paper files.

Maintenance of these records is the responsibility of the STS Supervisor.

VII. Environmental Justice (for All Construction Projects)

For new construction and major rehabilitation or renovation projects where National Environmental Policy Act (NEPA) documentation is required, St. Mary's Transit System will integrate an environmental justice analysis into the NEPA documentation for submission to MDOT MTA.

The environmental justice analysis includes:

- An identification of the low-income and minority communities within the study area affected by the project, and a discussion of the method used to identify this population (e.g., analysis of Census data, minority business directories, direct observation, a public involvements process, etc.).
- For each of the identified low income or minority communities, a discussion of the adverse impacts of the project, both during and after its construction, such as:
 - Adverse effects on community cohesion or economic vitality by dividing or fracturing the community,
 - The isolation, exclusion, or separation of the community from the broader community,
 - Destruction or disruption of the availability of public and private facilities and services,
 - A change in employment opportunities,
 - Increased traffic in a residential area or decreased parking availability in a commercial area,
 - Air pollution, noise, vibration, change in storm water levels or flows, disturbance of contaminated soil or groundwater,
 - Disruption or destruction of man-made or natural resources such as parks, or Native American traditional cultural places,
 - Destruction or diminution of aesthetic or historic value, and
 - The cumulative effects of the above on the community.
- For each of the identified low income or minority communities, a discussion of all positive impacts such as an improvement in transit service, mobility, or accessibility.
- A description of all mitigation and environmental enhancement actions incorporated into the project to address the adverse impacts, including, but not limited to any special features of the relocation program that go beyond the requirements of the Uniform Relocation Act, to address adverse community impacts such as separation or cohesion issues and the replacement of the community resource destroyed by the project.
- A discussion of the remaining impacts, if any, and why further mitigation is not proposed.
- A comparison of mitigation and environmental enhancement actions implemented in conjunction with the project and affecting predominantly low-income and minority neighborhoods with mitigation implemented in conjunction with similar construction, renovation, or rehabilitation projects located in predominantly non-minority or non-low-income neighborhoods, or with segments of a corridor project that transverse non-minority and non-low-income neighborhoods.

The development of environmental justice analyses is the responsibility of the Director, Public Works & Transportation.

VIII. REQUIREMENTS OF TRANSIT PROVIDERS

REQUIREMENTS AND GUIDELINES FOR FIXED ROUTE TRANSIT PROVIDERS

The requirements apply to all providers of fixed route public transportation (also referred to as transit providers) that receive Federal financial assistance, inclusive of States, local and regional entities, and public and private entities.

Transit providers that are sub recipients will submit the information to their primary recipient (the entity from whom they directly receive transit funds) every three years on a schedule determined by the primary recipient. The requirements are scaled based on the size of the fixed route transit provider.

REQUIRED: Service Standards and Policies

- **Service Standards**
 - Vehicle load, Vehicle headway, On-time performance, Service availability
- **Service Policies**
 - Transit amenities, Vehicle assignment

St. Mary's Transit System is required to plan and deliver transportation services in an equitable manner. This means the distribution of service levels and quality is to be equitable between minority and low-income populations and the overall population. *St. Mary's Transit System* has reviewed its services and policies to ensure that those services and benefits are provided in an equitable manner to all persons.

St. Mary's Transit: Title VI System Wide Standards and Policies:

St. Mary's System (STS), a division of St. Mary's County Government- Public Works & Transportation, operates fixed route services within St. Mary's County, Maryland. Its mission is to provide rural community-based transit programs that accomplish the essential mobility mission of the County, connecting people, communities, workplaces, educational institutions, recreational opportunities and many other essential destinations on a regular and continuous basis.

STS operates fifteen (15) fixed routes within St. Mary's County from Ridge, Lexington Park, California, and Hollywood to Leonardtown. These routes operate Monday through Saturday 6 am to 10 pm. One fixed route operates on Sunday from 6 am to 8 pm in the California/Great Mills Area. The fixed routes do not operate seven (7) Holidays a year. Flag stops are currently being used on the fixed rural routes; however, since some of the STS routes are designated urban areas in the county within the next year, designated bus stops will be added to the policy.

The following standards and policies address how STS’s fixed route services are distributed across the system, and they ensure that the service design/operations do not result in discrimination based on race, color, or national origin. The standards and policies fulfill the requirement set out in FTA Circular 4702.1B “Title VI Requirements and Guidelines for FTA Recipients.”

Service Standards

Per FTA Circular 4702.1B, the following service standards are required: vehicle load, vehicle headway, on-time performance and service availability.

Vehicle Load:

Vehicle load is a ratio of the number of passengers on a bus to the number of seats. Vehicle loads greater than 100 percent indicate standees and may begin to impact passenger comfort and safety. The vehicle fleet includes varying seating and standee limitations: however, the standards below apply to all vehicle types.

	Fixed Route Bus
Peak	100% Maximum average
Off-Peak	100% Maximum average

Vehicle Headway:

Vehicle headway is the amount of time between two vehicles on a route and measured in minutes. Headway is related to frequency; the shorter the headway, the more frequent the service. With the system, headway does not apply. One bus is on each route at time, and then circulates to repeat the route.

	Fixed Route Bus
M-F Peak	N/A
M-F Off-Peak	N/A
Saturday/Evenings	N/A
Sundays	N/A

On-Time Performance:

On-time performance is a measure of dependability and schedule adherence, based on the percentages of routes completed as scheduled. STS defines its “on-time” window as 0 to 5 minutes late, with no vehicle leaving a time point early. On-time performance will be determined at origins, destinations, and specific time points on each route. On-time performance is measured by random bus drivers calls sent to dispatchers. Lateness is due to periodical drivers’ absences, Patuxent River Naval Base traffic with periodical entrance checks, loading slow gate passengers and vehicular accidents. St. Mary’s County has two main travel routes with some side routes that make it difficult to keep on-time consistently. Drivers’ performance is discussed with the STS Supervisor to discuss improvement.

	Fixed Route Bus
Percentage of On-time	85%

Service Availability:

Service availability refers to the distribution of routes with STS Service area. Specific areas vary greatly in population density and land use patterns; thus, STS provides a range of transit services. Service availability is determined by scheduled stop and the ability to use safe flag stops along any of the STS fixed routes. Flagged bus stop impacts the average speed of service, creating a tradeoff of maximizing availability and maintaining reasonable travel times. Offering coverage to as many county residents as possible must be balanced with the priority of serving the high ridership areas more frequently and offering more bus service to other areas of the county that do not have a fixed or deviated bus route.

	Fixed Route Bus
Stop Spacing	At designated stops/flagged stops

Service Standards:

Per FTA Circular 4702.1B, the following service policies are required: transit amenities and vehicle assignment.

Distribution of Amenities:

Transit amenities are: “items of comfort, convenience and safety” available to riders. They include but not limited to seating, shelters, information (signs, maps, schedules, or web sites or trash receptacles.) The distribution of amenities throughout the system is generally a function of ridership. STS will distribute transit amenities equitably throughout the service area based on boarding levels. It will prioritize major transfer points and stops along multiple routes.

Vehicle Assignment:

Vehicle assignment is the process by which vehicles are placed in service throughout the system. The STS vehicle fleet includes a range of vehicle ages, yet similar vehicles. All STS vehicles are ADA accessible and equipped with wheelchair lifts. Vehicles are assigned to routes base on funding allocations and STS can change bus assignments based on ridership demands. All buses are assigned at random without regard to age or service area. Bike racks are assigned to five buses.

Monitoring Title VI Complaints

As part of the complaint handling procedure, the Title VI Manager investigates possible inequities in service delivery for the route(s) or service(s) about which the complaint was filed. Depending on the nature of the complaint, the review examines span of service (days and hours), frequency, routing directness, interconnectivity with other routes and/or fare policy. If inequities are discovered during this review, options for reducing the disparity are explored, and service or fare changes are planned if needed.

In addition to the investigation following an individual complaint, the Title VI Manager periodically reviews all complaints received to determine if there may be a pattern. At a minimum, this review is conducted as part of preparing the annual grant application (ATP) for submission to the MTA.

Fare and Service Changes

St. Mary's Transit System follows its adopted written policy for the public comment process for major service reductions and fare increases. With each proposed service or fare change, *St. Mary's Transit System* considers the relative impacts on, and benefits to, minority and low-income populations, including LEP populations. All planning efforts for changes to existing services or fares, as well as new services, have a goal of providing equitable service

Appendix D:

LANGUAGE ASSISTANCE PLAN FOR PERSONS WITH LIMITED ENGLISH PROFICIENCY (LEP)

Introduction and Legal Basis

LEP is a term that defines any individual not proficient in the use of the English language. The establishment and operation of an LEP program meets objectives set forth in Title VI of the Civil Rights Act and Executive Order 13116, Improving Access to Services for Persons with Limited English Proficiency (LEP). This Executive Order requires federal agencies receiving financial assistance to address the needs of non-English speaking persons. The Executive Order also establishes compliance standards to ensure that the programs and activities that are provided by a transportation provider in English are accessible to LEP communities. This includes providing meaningful access to individuals who are limited in their use of English. The following LEP language implementation plan, developed by *St. Mary's Transit System* is based on FTA guidelines.

As required, *St. Mary's Transit System* developed a written LEP Plan (below). Using 2010 and American Community Survey (ACS) Census data, *St. Mary's Transit System* has evaluated data to determine the extent of need for translation services of its vital documents and materials.

LEP persons can be a significant market for public transit, and reaching out to these individuals can help increase their utilization of transit. Therefore, it also makes good business sense to translate vital information into languages that the larger LEP populations in the community can understand.

Assessment of Needs and Resources

The need and resources for LEP language assistance were determined through a four-factor analysis as recommended by FTA guidance.

Factor 1: Assessment of the Number and Proportion of LEP Persons Likely to be Served or Encountered in the Eligible Service Population

The agency has reviewed census data on the number of individuals in its service area that have limited English Proficiency, as well as the languages they speak.

U.S. Census Data – American Community Survey (2008-2012)

Data from the U.S. Census Bureau's American Community Survey (ACS) were obtained through www.census.gov by *St. Mary's Transit System's* service area. The agency's service area includes a total of 2,035 persons & 2.08% of the total population of 97,979 persons with Limited English Proficiency (those persons who indicated that they spoke English "not well," and "not at all" in the 2008-2012 ACS Census). See Exhibit A.

Factor 2: Assessment of Frequency with Which LEP Individuals Come Into Contact with the Transit Services or System

St. Mary's Transit System reviewed the relevant benefits, services, and information provided by the agency and determined the extent to which LEP persons have come into contact with these functions through the following channels:

- Contact with transit vehicle operators;
- Contact with transit dispatchers, supervisor, or manager;
- Calls to St. Mary's Transit System's customer service telephone line- 301-863-8400 x1120 or 1121;
- STS's office location- 44829 St. Andrews Church Rd., California, MD;
- Access to the St. Mary's County Government website ;
- Attendance at community meetings or public hearings hosted by St. Mary's Transit System;
- Contact with the STS' ADA complementary para-transit system (including applying for eligibility, making reservations, and communicating with drivers).

See APPENDIX D-1, D-2, and D-3 – St. Mary's Transit System Service Map w/ Minority Overview, Poverty Overview and Passenger Amenities, Source; 2010 Census

An Assessment of the frequency with which LEP individuals have come in contact with the transit systems services was completed and at this time there is no known contact. When warranted an interpreter can be contacted, see Exhibit B.

We will continue to identify emerging populations as updated Census and American Community Survey data become available for our service area. In addition, when LEP persons contact our agency, we attempt to identify their language and keep records on contacts to accurately assess the frequency of contact.

To assist in language identification, we can use a language identification flashcard based on that which was developed by the U.S. Census. (<http://www.lep.gov/ISpeakCards2004.pdf>)

Information from Community Organizations that Serve LEP Persons

To supplement the Census, education, and labor department data, St. Mary's Transit System conducted community outreach to the following organizations that work with LEP populations.

St. Mary's Transit System provides the following programs, activities and services:

STS Information available upon requests; staff members presented information through the Transportation Advisory Committee (TAC), in the local senior centers, senior housing, mental health facilities, Commission for persons with disabilities meetings and legislative receptions.

Factor 3: Assessment of the Nature and Importance of the Transit Services to the LEP Population

Based on past experience serving and communicating with LEP persons and interviews with community agencies, we learned that the following services/routes/programs are currently of particular importance LEP persons in the community. There is no new information as this time, however MTA staff is working with STS staff to ensure services/routes/programs reach people in the community. STS adheres to an Environmental Justice Policy and rotates the STS vehicles throughout the County, see Exhibit C, sample of Bus Assignments.

The following are the most critical services provided by St. Mary's Transit System for all customers, including LEP persons.

- Safety and security awareness instructions
- Emergency evacuation procedures
- Public transit services, including reduced fare application process
- ADA paratransit services (if your agency operates fixed-route), including eligibility certification process
- Other paratransit services
- Services targeted at low income persons

Factor 4: Assessment of the Resources Available to the Agency and Costs

The following language assistance measures are currently being provided by St. Mary's Transit System. The resources are implemented through staff time and bus schedule that are granted funding through Maryland Transit Administration to St. Mary's Transit System.

We anticipate that these activities and costs may increase as the system grows. Based on the analysis of demographic data and contact with community organizations and LEP persons, St. Mary's Transit System has determined that no additional services may be needed to provide meaningful access.

Resources

If needed, an in-kind assistance may be available through the County's Sheriff's department and other transit agencies who may be able to partner for language assistance services or online translation program.

The following procedures are followed by operators when an LEP person has a question on board a St. Mary's Transit System vehicle: Passengers are able to assist others with transit information.

Staff Training

As noted previously, all St. Mary's Transit System staff is provided with a list of available language assistance services and additional information and referral resources, updated annually.

All new hires receive training on assisting LEP persons as part of their sensitivity and customer service training. This includes:

- A summary of the transit agency's responsibilities under the DOT LEP Guidance;
- A summary of the agency's language assistance plan;

- A summary of the number and proportion of LEP persons in the agency's service area, the frequency of contact between the LEP population and the agency's programs and activities, and the importance of the programs and activities to the population;
- A description of the type of language assistance that the agency is currently providing and instructions on how agency staff can access these products and services; and
- A description of the agency's cultural sensitivity policies and practices.

Also, all staff who routinely come into contact with customers, as well as their supervisors and all management staff, receive refresher training on policies and procedures related to assisting LEP persons. Manager has received training "How to Speak Spanish" on an elementary level. On-line courses are available as needed.

Providing Notice to LEP Persons

LEP persons are notified of the availability of language assistance through the following approaches:

- Following our Title VI policy statement included on our vital documents.
- Maryland Motor Vehicle Administration list of interpreters and translation providers as a public service.
- I can speak information sheets

LEP persons will also be included in all community outreach efforts related to service and fare changes.

Monitoring/Updating the plan

This plan will be updated on a periodic basis (at least every three years), based on feedback, updated demographic data, and resource availability.

As part of ongoing outreach to community organizations, St. Mary's Transit System will solicit feedback on the effectiveness of language assistance provided and unmet needs. In addition, we will conduct periodic of the adequacy and quality of the language assistance provided, and determines changes to LEP needs.

Based on the feedback received from community members and agency employees, St. Mary's Transit System will make incremental changes to the type of written and oral language assistance provided as well as to their staff training and community outreach programs. The cost of proposed changes and

the available resources will affect the enhancements that can be made, and therefore St. Mary's Transit System will attempt to identify the most cost-effective approaches.

As the community grows and new LEP groups emerge, St. Mary's Transit System will strive to address the needs for additional language assistance.

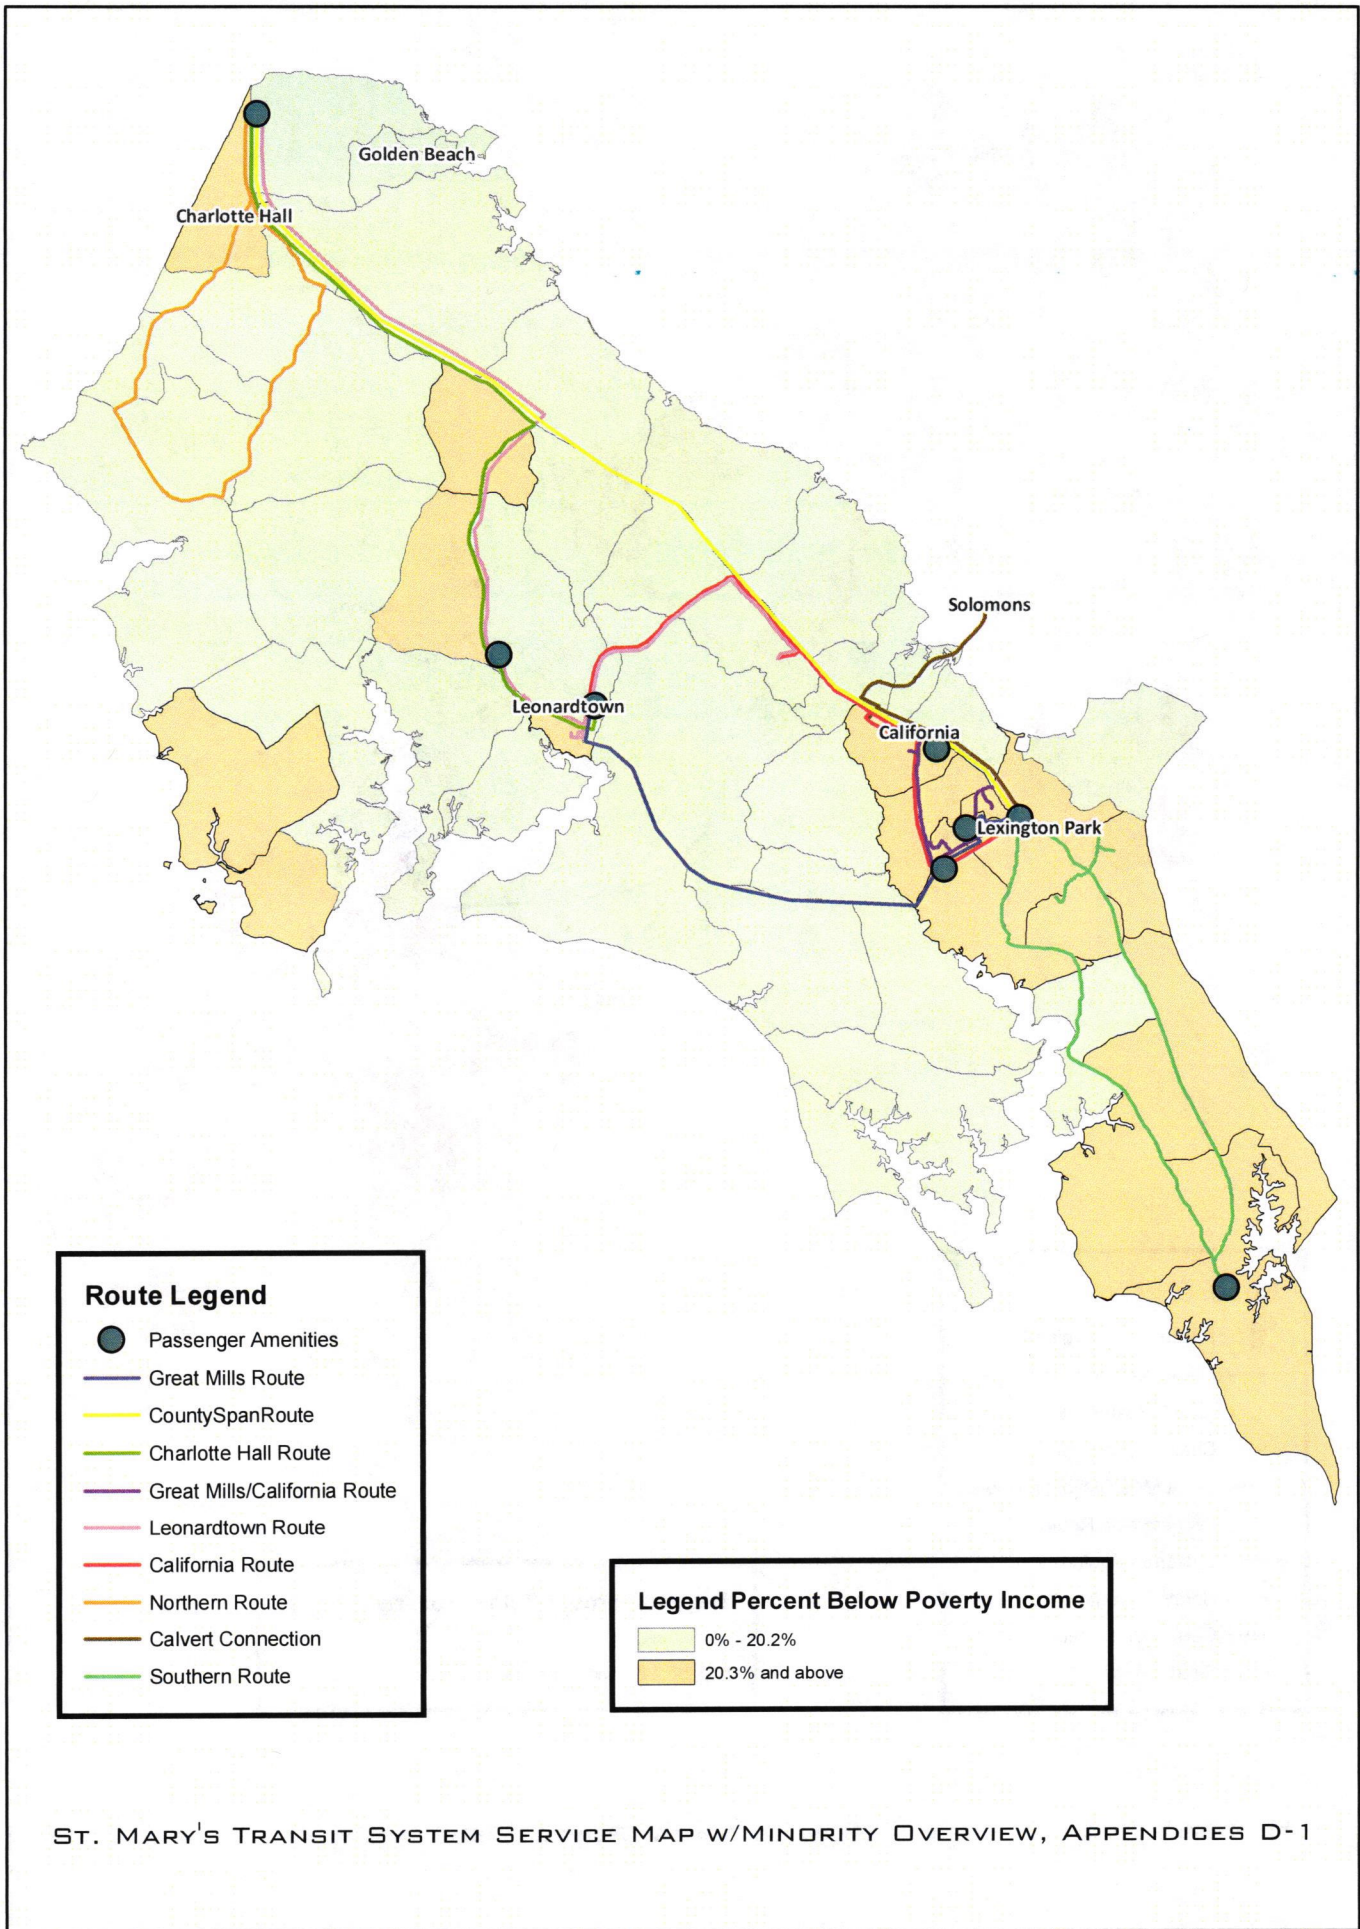

MINORITY REPRESENTATION ON PLANNING AND ADVISORY BODIES

Title 49 CFR Section 21.5(b)(1)(vii) states that a recipient may not, on the grounds of race, color, or national origin, "deny a person the opportunity to participate as a member of a planning, advisory, or similar body which is an integral part of the program."

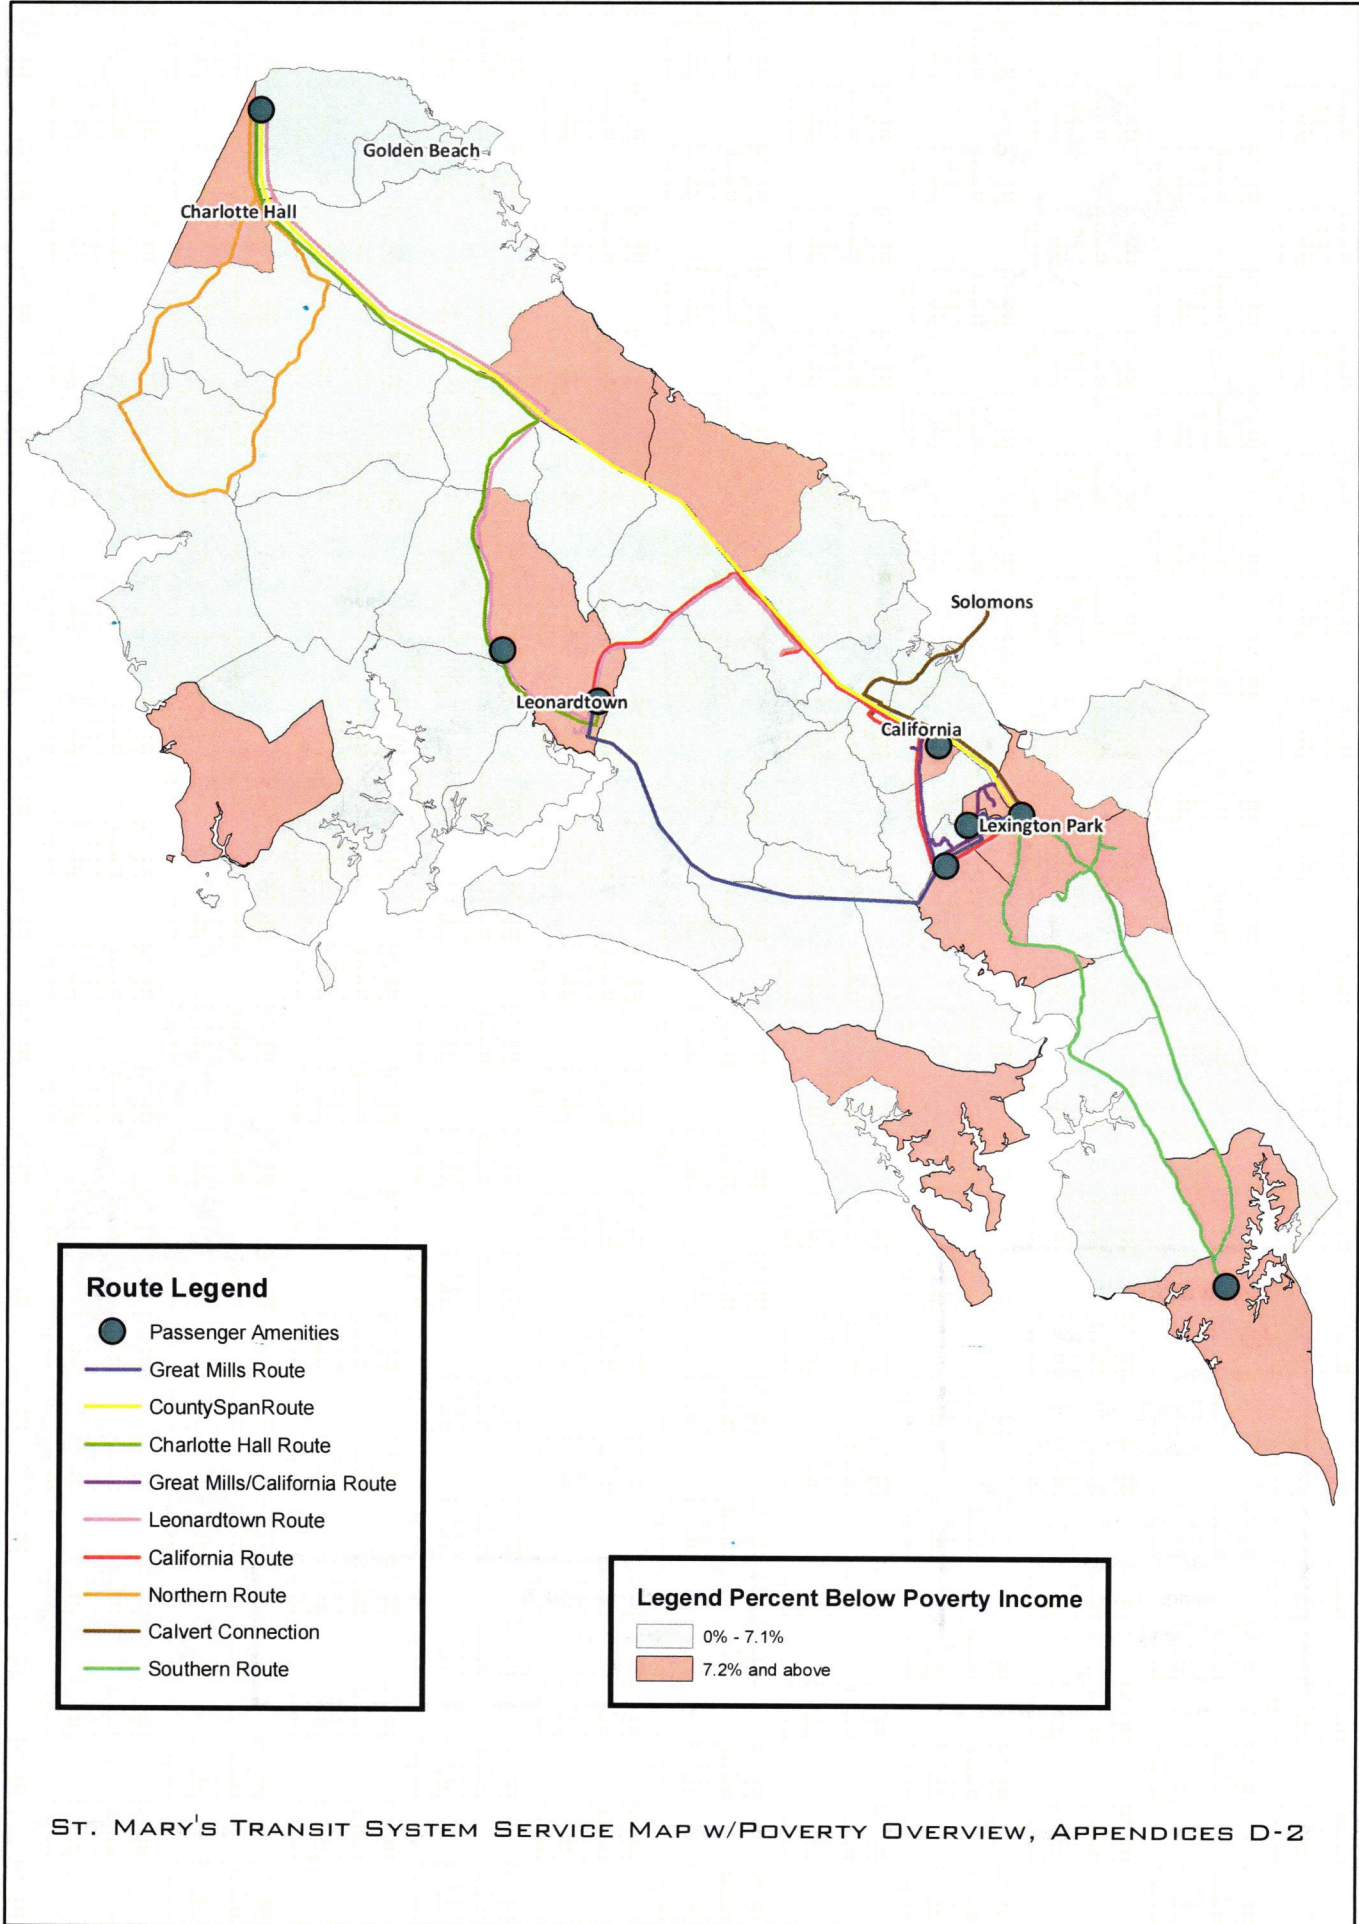

St. Mary's Transit System has transit-related, non-elected planning boards, advisory councils or committees, or similar committees, the membership of which we select.

Advisory Board Makeup:

The Transportation Advisory Board (TAC) is non-elected and not part of county government. There are approximately 36 county board, commissions and committees that report to the Commissions of St. Mary's County. A single individual manages the county's boards, commissions, and committees. Recruitment for the boards, commissions, and committees occurs twice a year. The county representative sends out a general news release approximately two months before the appointments. In the case of TAC, the county representative sends out a general notification to the public approximately two months before the Commissioners of St. Mary's County appoints members to the committee. Appointments are made in June and December for terms to begin in July and January.
