A delegation with a petition signed by 1600 taxpayers had appeared at Annapolis to consult with Sen Bailey about preventing this deer project. It was considered that hounds will leave a fox scent for deer, and it ruins the hunt. Deer eat young leaves, produce and tear up tobacco beds, and small game disappears when deer come into a woods. A lengthy discussion followed and the Commissioners asked the clerk to have published a letter in both County papers, asking the people to advise by postcard their desire in the matter. The Board will consider the matter later on receipt of the opinion of the people.
