Commissioners Alvey and Stone, with Attorney Sterling met today. Mr. Guy is a patient in Johns Hopkins Hospital where he underwent surgery last Monday.

Town Creek- Mosquito Control. Mr. M.A. Swaney of Town Creek came in to ascertain the amount on hand in their Mosquito control account. They had deposited \$475 and have a balance of \$120.24. They have presented a request for work amounting to \$400.

Chaptico- Mosquito Control & Half Pone Point.

Messrs Bradford Reeves and Zach Fowler of Chaptico came in about this project for the Chaptico area-it would cost them \$375 and the County \$375 and the State \$750. John Joseph and George Gough came in about this work for the Half Pone Pt area. The survey has not been made there as yet. All complain about vast hordes of mosquitoes in those areas now. The Commissioners explained that this year they will be unable to assist in this work, but if any area desires to pay the full $\frac{1}{2}$ - if the State is willing- the Commissioners will give their approval. Perhaps next year the Commissioners will be in a position to assist in this project.

Mrs. Geo. Park-s 7 Gables Hotel Road- asks that sign "Dangerous Curve" be placed ahead of the "Mill Cove" sign, as school busses use this road and children wait for the busses- cars come up the hill and around that curver at such a speed it is dangerous for the children. SRC to be asked for this sign.

St. Mary's County Mem. Library asked for the balance of their 57-58 budget and were informed they will receive it the latter part of June 58.

Read matters- Thomas Berry- Dr. Frazier and Paul Gray to come up next week

Louis Mattingly doesn't want the house opposite the State Roads Garage and Louis Thomas can have same if he will have it moved away. He can pay for it at his convenience- \$50
