

January 12, 1960

The Commissioners with the Administrative Asst met today in general session.

J. Louis Mettingly, inspector of Coin Op. machines came in response to a letter asking that he meet with the Bd. to discuss penalty for failure to license and display the license of coin operated machines, which gives the Sheriff right to confiscate such machines. He was asked to make a careful check to see that all machines have the required license and that same is displayed.

Mr. Franklin, St. Joseph's Project wants a 30 MPH sign at the end of the project. SRC will make survey to determine if this is necessary.

Mrs. M. M. Coleman came again to inquire when the road at her farm will be built. It is on the Construction list for 1960 and will be built as soon as possible.

Rev. Campbell and Dale Cropper from Town Creek asked about the lights previously requested at the several streets in that subdivision. The Board decided that one light at SR#235 and Town Creek will be sufficient. Clerk was requested to write Mr. Peck So. Md. Elec. Co to install the light.

Mr. Fred Tilp came to inform that the County Commissioners of Charles County could not purchase the site they wanted for the tri-county dog pound, but have several other sites in view.

Mr. A. J. Lipski was asked to check the Tax Bill for Ercole Leonardo at Town Creek and after this was done he found that the bill sent to 11/31/59 was ok- however each month Mr. Leonardo delays paying the taxes it is increased by \$3.15 Clerk was requested to write to Leonardo about this and return bill.

Meeting adjourned at 3 pm

approved
